DRUG STORE CHANGES HANDS.

Lee Russell Disposes of His Pharmacy to Fred S. Clapp, of Indiana, Who Takes Possession Today.

Another business change takes place in Daytona today. Lee Russell disposes of his drug store to Fred S. Clapp, of Washington, Indiana—or in other words, he exchanges stores with Mr. Clapp. Mr. Clapp and family arrived here today and he will immediately take charge of the store. Mr. Russell and family will leave shortly for Indiana, where they expect to make their future home and where Mr. Russell will conduct the drug store formerly owned by Mr. Clapp. For several years Mr. Russell has been a resident of Daytona, during which time he has made many friends, who will regret his departure. Mr. Clapp is a young man who bears an enviable reputation as a business man and it is assured that he will make a success of his Florida venture and will be a welcome acquisition to the ranks of the business men of Daytona.

CLARENDON OPEN 'TIL MAY 1.

Big Hostelry Now Doing a Rushing Business.—Arrivals Are Heavy. Breakers Will Open.

As an indication that Daytona and the resorts across the river are enjoying a good season, the management of The Clarendon has decided to keep open this popular hotel until the first day of May. Business at The Clarendon for several weeks, early in the season, was not up to what was expected, but for the past ten days there has been a continual stream of people pouring in on each train from the south, while the number of departures each day has been unusually light. For the next several days it is expected that the arrivals from points below will be the largest for the season, as the large resort hotels are beginning to close their doors. Monday, at Palm Beach, the two large hotels, the Royal Poinciana and Breakers, closed for the season. For the past several days many patrons of these popular hotels have been coming direct to The Clarendon to enjoy a stay. Everything possible for the entertainment of the guests of The Clarendon is being done and those who are enjoying life there report the surroundings quite homelike, and many of the recent arrivals are sorry that they did not come earlier. The Breakers, which is run in connection with The Clarendon, as an annex, it is understood will be open during the summer for the reception of guests. Dr. E. L. Potter, the proprietor, will spend almost the entire summer in Daytona.

Dr. Houghton's telephone is 32.

League Not Heard.
The City Council last night had arranged to give the Law and Order League a hearing in regard to the raid made on the St. Regis Club, and the failure of the Mayor to entertain the matter. Members of the League were conspicuous by their absence. The Misses Lenna Rhoda Stubenbord and Ernestine Sutherland gave a farewell party in honor of the Misses Athenaise and Gladys Lundy, who soon leave for their home in Sheephead Bay, L. I. The party was at the residence of Mr. and Mrs. Conrad Stubenbord, on North Ridgewood, and was attended by a large gathering of young folks. The afternoon was enjoyably spent with games, and delicate favors were presented to all guests. *For Sale—The steamer "Uncle Sam" with the Tomoka River and New Smyrna business, good will and dock in heart of town. SALARY OF THE MARSHAL.

Mayor Greene Endeavors to Get More Compensation For the Officer.—Councilmen Object.

There was a warm discussion at the meeting of the City Council, Monday evening, in regard to the salary of the marshal. Mayor Greene, during the early part of the meeting, arose and asked that the city marshal be given \$50, instead of \$40 a month. He said that the officer took the position on the assurance that he would receive that amount. The mayor also said that the officer was well worth it and that the council could well allow the increase. He said there was an special police fund of \$750 and that the increase could be taken from that fund. Several of the councilmen were strenuously opposed to the idea of giving the marshal more than \$40 per year, which is prescribed by the city charter. Alderman Stillman said to the mayor that he himself was getting more than the law required, and that he saw no reason why they should give the marshal more compensation. Mayor Greene asked that the matter be left with the city attorney for his opinion. The idea met with the approval of the council.

League Not Heard.

The City Council last night had arranged to give the Law and Order League a hearing in regard to the raid made on the St. Regis Club, and the failure of the Mayor to entertain the matter. Members of the League were conspicuous by their absence. The Misses Lenna Rhoda Stubenbord and Ernestine Sutherland gave a farewell party in honor of the Misses Athenaise and Gladys Lundy, who soon leave for their home in Sheephead Bay, L. I. DIFFERS WITH THE MAYOR.

Stillman Says The Mayor Has No Authority to Appoint Police Force Without an Ordinance.

Alderman Stillman says Mayor Greene has no authority to appoint any policemen. He says section nine of the City Charter provides that the mayor shall appoint such policemen as are authorized by ordinance, but that no ordinance has been passed by the council authorizing any police force. Section nine reads as follows: "The Mayor shall appoint, subject to confirmation of the City Council, such number of policemen as may be provided for by ordinance; and he shall have power to suspend any city officer, except councilmen, for neglect of duty or misconduct, and shall report such suspension to the next regular or special meeting of the City Council, for its action; the City Council shall promptly investigate and pass upon the matter of suspension, and shall, by resolution adopted by a majority of all the members of the City Council, restore the officer to duty (in which event he shall suffer no loss of compensation), or continue the suspension for such time as they may deem best, or remove the officer from office." MISCELLANEOUS MATTERS. The petition of J. A. Applegate, relative to lot 3, block 13, with the report of the street committee on same was read, and the matter was referred to the street committee for their recommendation. Assistant City Attorney Parkinson addressed the Council relative to the McFadden case. He said that Captain McFadden wanted to compromise the matter. The matter was referred to the finance committee to confer with the attorney, and report their recommendations to the Council. T. L. Rodgers addressed the Council relative to the moving of his two fences in the city. He requested that the parkage on Palmetto Avenue, adjoining his property, be filled by the city in payment for his donating certain lands for the DeLand road. The matter was referred to the street committee, with power to act.

NO STREET FAIR FOR DAYTONA.

Parties Ask Permission To Use City Park—Were To Co-Operate With the Rifles.

The City Council does not like the idea of holding a street fair in this city, therefore Monday night turned down the proposition of holding a fair in Daytona in the near future. A communication signed by Col. C. M. Bingham, Maj. J. B. Parkinson and Capt. J. D. C. Morris was read asking that the Council give permission for a street fair to occupy the parkage next to the City Hall, on Beach Street, a portion of the proceeds of which would go to the Halifax Rifles. The question of what good, if any, it would do to the city was discussed, and several members of the Council were of the opinion that such fairs are detrimental to a town. The one held here two years ago was taken into consideration. Some of the Council thought this attraction a very objectionable one, due to the several immoral shows. Maj. J. B. Parkinson, one of the gentlemen who signed the communication, was present, and was called upon to state if the shows would be objectionable. Maj. Parkinson stated that he was not well versed in the matter, though they had assurances from the party here in the interest of the fair, that it was perfectly moral, and that none of the shows would be objectionable. He said he thought that the best plan would be to appoint a committee of three Councilmen with power to act. President Seaman appointed the street committee, and, after a brief discussion, they came to the conclusion that it should be a matter for the Council to vote on. A vote was taken, and there was not a voice in favor of holding the street fair or carnival.

Daily Closes Saturday

The Daily News will close for the season on Saturday, after a most successful season. The business men have liberally patronized the paper and the management is thankful for the support accorded.

The Reo automobile, which was used by R. E. Olds here during the early part of the season, has been sold to C. R. Oliver.

To the Democratic Voters of Volusia County: I hereby announce my candidacy for Clerk of the Criminal Court. If the indulgence of the voters results in my retention in office I will endeavor to faithfully perform its duties.

GEO. W. BRISTOL.

Bound To Have It.

The Seabreeze correspondent to the Times-Union says: "We have faith in the projectors of the Central East Coast Railroad, but if it does not come under this name it will under some other just as much to the purpose, for we are bound sooner or later, perhaps, to have direct communication with the busy world. In the meantime, the 'eternal urge' of natural growth is carrying Seabreeze steadily forward and the timid capitalists who hesitate to become investors will rue their days of hesitation."

The Weather.

For East Florida—Fair in southern portion; showers in northern portion tonight. Wednesday showers; warmer tonight in northern portion.

The finishing touches are being put on the residence on Valley Street at Seabreeze for Ronald E. Oles, automobile manufacturer. It is a neat dwelling and will be occupied by Mr. Oles and his family next season.

G. F. BROWN
DIED TODAY.

Breathed His Last at Grace Hospital,
 in Detroit, This Morning. - A
 Cancer Was the Cause.

George F. Brown is no more. He died
 this morning at Grace Hospital, De-
 troit, Mich.

Up until a few weeks ago Mr. Brown
 was an apparently healthy man. Three
 or four weeks ago he began to suffer
 with what he supposed was indigestion,
 but which doctors pronounced to be
 cancer of the stomach.

Tuesday of last week Mr. Brown
 started on his journey to Michigan in a
 private car. He was immediately taken
 to Grace Hospital, but at this writing it
 is not known whether or not he was op-
 erated upon.

The intelligence of his death was re-
 ceived here today in a telegram to Geo.

NEWS NOTES.

Happenings of Interest on the Penin-
 sula.—Personal Mention of
 Well Known People.

Twenty fruit trees, orange and grape
 fruit, have been set on Mrs. Post's beau-
 tiful river front property.

R. T. Butler, who is intensely prac-
 tical when he is not invoking the muses
 for the benefit of Seabreeze, has recently
 improved his property by a good system
 of waterworks. Saturday he was put-
 ting out orange trees on the east end of
 his lots.

A fresh coat of paint has very much
 improved the appearance of several cot-
 tages on Valley street, noticeably among
 which are Mrs. Godmark and Miss Kel-
 ley's residence.

T. Frank Williams has had his resi-
 dence on Grandview avenue raised and
 the interior refurnished in a way that
 adds much to its appearance within and
 without.

Mrs. Ruth Beckman is at home again,
 after a visit with her father in Cincinnati.

Charles A. Ballough, whose mecha-
 nical and inventive ability amount to
 genius, has recently, with the help of
 his two young friends, Messrs. Baltzy
 and French, constructed one of the
 swiftest and most comfortable launches
 on the river. It has been christened
 "Kaviak." On St. Patrick's Day,
 "airline in mawin," a party of friends
 at Mr. and Mrs. Ballough's invitation
 enjoyed a delightful day on the water
 highways and bays in the vicinity of
 the inlet, and last Saturday the same
 party, but one, made the trip to Knox
 & Beads and spent a like enjoyable out-
 ing.

DAYTONA AND ITS ATTRactions.

DAYTONA is situated upon the west bank of the Halifax River at its narrowest and midway between its source at Bulow Bay and its outlet at Mosquito Inlet. It is in latitude 29, seventy-four miles from St. Augustine and one mile from the Atlantic Ocean, and is acknowledged to be without a rival for beauty among the villages of the South. Its site is upon what is known as high hammock land that was crowned by nature with a most royal growth of majestic forest trees, and among these trees is the town of today, with its beautiful cottages and well-graded walks and streets. The result is that all along the wide avenues that intersect the town are lordly live oaks and water oaks and hickories, many of them draped with graceful festoons of the gray Spanish moss, that overarch the street and walks, and among these are interspersed tall tropical palm-trees, glossy-leaved magnolias, fragrant bay and coral-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine, and the amaranthus climb and cling among the branches forming shady bowers and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. This river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions.

Wheelman's Paradise

and added to these, but a mile away are thirty miles of smooth, hard beach that affords an unrivalled course for long-distance cycling and driving or automobile racing. No town of equal size, North or South, numbers many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

The Beautiful Cottages

that have been erected during the past year and are being built are rendering Daytona as famous for its fine homes as for its beautiful river, tree-lined avenues, and they are adding yearly to its attractions.

Not the least of these attractions is those securing homes in the South, and ranking second only to healthfulness and perfection of climate, is the fact that its population is chiefly composed of cultivated and intelligent people, accustomed to the refinement of home and social life. Added to these features are good churches, good public and private schools, stores, hotels, laundry, meat markets, novelties, an opera house, electric light for street and house illumination, a good telephone system, ice factory, Lily Water Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

Water Supply

which is derived from numerous flowing wells, of which there are probably 300 in the corporate limits. This flow is secured by boring wells to a depth of from 50 to 120 feet, passing through several strata of rock, so that the depth assures purity from all surface contamination. The water is so impregnated with magnesium and iron, and holds sulphur in the shape of gas, which soon passes away.

The Population of Daytona

proper is about 1,800. Added to this is a suburban population on the shore and peninsula of about 1,000 at

Kingson, Blake, Old Seabreeze or Goodall, Seabreeze and Silver Beach which are properly a part of the town and population.

Daytona Beach

lies one mile east of the town. It is approached by three good bridges over the river and well-graded avenues, and is the principal summer resort south of St. Augustine. It has more tourists during the summer than all other places south of that city combined, and is also becoming a favorite winter resort. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who have tried Northern and Western summer resorts declare that there are none so perfect comfort as Daytona beach.

Automobile Race Meet.

The Florida East Coast Automobile Association conducts an annual race meet on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard, level, and an ideal stretch of thirty or more miles without a break makes it the natural racetrack around for America.

At low tide the beach is bare for 300 feet and neither carriage wheel, bicycle or pedestrian can make a heavy visible imprint on the smooth and well-packed sand. It is so common sight to see sail-rigged bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. Besides these, miles of hard-shelled, palm-lined boulevards bring the lovers of the wheel and vehicles into direct touch with the mainland over the broad bridges which span the splendid Halifax River.

The beach from the sandy bluffs to the lowest point at ebbside, measures about 500 feet, and the average depth of the surf measures about two feet. A continuous gentle swell rolls in from the ocean from one to two feet in depth under normal conditions, making the beach an attractive and absolutely safe place for surf-bathing. Here the infant as well as the gray-haired veteran of many summers, can safely enjoy the luxury of a sea bath throughout the larger part of the year, while the strong and expert swimmer, on venture out further to test his strength and skill in battling with the inexhaustible powers of the mighty ocean.

The Peninsula

lying between river and ocean is one half mile wide, and is being rapidly improved, and there are many fine cottages and several good hotels, a ferry house, two ocean piers, beach pavilion and a large casino.

A Remarkable Feature

of Daytona has been the yearly improvement in the style and value of the buildings that are being erected for homes. Men of capital of the North and West have become awakened to its advantages for winter residences, and valuable lots are being purchased and costly houses, beautiful in design and finish, are being erected, and beautiful homes, the abodes of wealth and culture are multiplying.

Seabreeze (City Beautiful) and Goodall are settlements on the Ocean side of the peninsula across the Halifax River from Daytona.

At the foot of Ocean Boulevard, Seabreeze, a pier reaches into the surf of the ocean. This pier is a favorite resort of those who delight in the sport of fishing. The surf here abounds in trout, pompano, yellowtail, cavalla, whiting, drum, sheepshead and many other varieties of edible fish. During the fall season the famous sea bass affords royal sport, and it has been no uncommon occurrence to land a thousand pounds of this money fish in an afternoon. Individual catches ranging from fifteen to thirty-five pounds in weight. Not only does the ocean offer this splendid sport but the Halifax River, only half a mile back of the ocean, is equally famous for its fine fishing, and the varieties that abound in the ocean are present in the river.

Fishing and fishing good. Ex. patronage and does may be had at reasonable prices.

Carnival Man Here.

Mr. Kelly, a representative of the Shield Carnival Company, arrived in Daytona, Monday, from Miami, in the interest of his company. He made an effort to get a permit to come to Daytona but since the proposition has been turned down by the council he says that he will not push the matter. In speaking of the shows to a Daily News reporter, he said that they were strictly high class and there was nothing connected with them that would be objectionable. He said that the carnival company was now in Miami and had just returned from Key West, where they met with great success.

Mr. and Mrs. J. A. Suter, of Piedmont, W. Va., are in the city and are located at The Cleveland.

Late arrivals at The Gables are Mrs. J. F. Bearzell, Pittsburg; Mrs. L. Schenck, Miss Lyda Schenck, Miss Mary Schenck, Columbus, O.

*Coal—anthracite—egg, stove and chestnut at N. S. Dayton's Lumber Yard Phone 49.

Mr. and Mrs. W. VanBuskirk departed Monday for their home in Pittsford, N. Y., after spending the winter at the Sea Gull, Daytona Beach. They have made a number of friends who are sorry to have them leave.

W. P. Whitaker, of Chase City, Va., is enjoying a stay at the Clarendon. Mr. Whitaker is a well known hotel man, being proprietor and manager of The Mecklenburg, at Chase City, one of the largest and most popular hotels of its kind in Virginia.

Late arrivals at The Austin are Chas. Johnson and wife, Miss Elizabeth Johnson, Norristown, Pa.; John Booth and wife, J. Raymond Booth, Conshohocken, Pa.; Mrs. G. M. Wakelin, G. M. Wakelin, Lane Park, Fla.; W. H. Pinson, Cordele, Ga.; R. C. Webb and wife, Anderson, S. C.; Miss E. Kirkbride, Philadelphia; Duane E. Beldin, Buffalo, N. Y.; M. O'Connor, Indianapolis; Chas. H.
